Dear Handball Friends,

The handball year will come to a sensational close; we have a true highlight awaiting us. The 8th edition of Women’s European Handball Championship – EHF EURO 2008 – will take place in FYR Macedonia from 2 – 14 December 2008. The capital city, Skopje, and the beautiful destination of Ohrid will be the focus of the handball world for close to two exciting weeks.

Sixteen women’s European national teams will be in the country to play for this prestigious title and of course the famous golden plate. All teams have battled hard to get to this stage of the tournament with some old favourites and surprises coming with it. Many of the teams are entering a new cycle of development, which means the best young-and-up and coming female players of the world will be in FYR Macedonia to proved their handball prowess. This will surely be a treat for all spectators!

We are expecting full halls and a great atmosphere, there are deep rooted handball traditions in this sport-crazy country and the spectators are knowledgeable, passion and excited about this top event taking place on their doorstep.

This is the first time that the EHF will hold such a big event in FYR Macedonia and preparations have been ongoing since the Macedonian Handball Federation was awarded the right to host this competition back in 2006. In Skopje, we will experience a brand new arena and in Ohrid, the extensive renovations that have taken place add to the vibrant atmosphere in this country ensuring the treat we have ahead of us.

I would like to take this opportunity to thank all involved in the organisation of this event, principally the Macedonian Handball Federation, the authorities and the many helping hands which are always invaluable.

Enjoy EHF EURO 2008 and all the best to all!

Tor Lian
EHF President

A delegation of almost 60 persons has been nominated by the EHF to oversee the 8th Women’s European Championship in FYR Macedonia. I am honoured to lead this dedicated team which includes a wide-spectrum of EHF officials, representatives, medical specialists, event management personnel and technical staff. All will be working closely with the EURO 2008 Organising Committee to make this an event of the highest standards.

I would like to thank each and every person and institution, which contributes to this event: the entire Organising Committee, the EHF Delegation, the media representatives covering the competition, and most importantly the team delegations, which will make this an event to remember.

I am proud to be part of it! Good luck to all!

POST MATCH PRESS CONFERENCE
In the preliminary round and main round matches the head coach of each of the two teams which have played last together with one key player selected by the EHF (respectively announced by the team) shall attend the press conference accompanied by an interpreter, if necessary. The post match press conference is scheduled to take place 15 minutes after the match. The participation is obligatory.

In semi-finals and finals the head coach shall be accompanied by two key players for the post match press conference. The entire EHF EURO 2008 winner team shall be available for media and promotion purposes after the game respectively after the event.

Details will be coordinated by the EHF Media Official and the OC chief-of-press and communicated to the parties involved.
OFFICIAL SQUAD

Basic Idea
The use of an “Official Squad” of each delegation allows the participating nations to replace two players after the preliminary round and one player after the main round. This option eases the pressure for the participants especially in the case of injury.

In addition to this, the listing of a final squad prior to the commencement of the championship is in the interest of the work of the media and press, as well as all those involved in promotion and public relation activities.

Technical Terms

• **Official Squad**: Total number of players (maximum 28) announced by the National Federations as their basis group for selecting the team participating in a European Championship.

• **Official Delegation**: Players (maximum 16) and Officials (maximum 6) announced at the Technical Meeting for participation in the respective competition.

System and Procedure

1. An Official Squad with a total number of 28 (or less) players, including the assignment of player numbers, must be announced by **30 October 2008, 12:00** by all participating delegations. The contingent of 28 players is the official/final squad of players of each participating nation. A maximum of 16 players from the original 28 will be announced at the first technical meeting one day before the start of the Championship.

2. After the preliminary round – rest day **7 December 2008 (Groups C&D) / 8 December 2008 (Groups A&B) by 14:00 hrs.** - a maximum of 2 players can be replaced by two new players from the original contingent of 28 (or less). The following procedure applies:

   • The EHF shall be informed in writing (using the official form for replacements, presenting the paper officially signed and stamped) about the details of the replacing players - this should reflect the information on the original “Official Squad” list.

   • The passports of the new players have to be presented by the team guide, team official, etc. to an EHF official in the EHF championship office in original or by fax. In case of a fax copy of the passport is presented by the deadlines stipulated, the original passport shall be presented subsequently to the EHF at the Technical Meeting on the respective day accordingly.

   • After the replacements are confirmed by the EHF (final acceptance to be granted only after the original passport has been presented), the new players will be put on the official match report of the next playing day, the replaced players will be removed and all parties involved (media, statistics) are informed accordingly.

3. After the main round – **Friday, 12 December 2008 14:00 hrs.** – a maximum of one player can be replaced by one new player from the contingent of 28 (or less). An identical procedure applies.
Further Specification

- Even if less than 28 players are entered by the deadline announced by the EHF this team is the final squad. As a consequence all players eligible to participate in the EHF EURO 2008 in FYR Macedonia are known as of the date stipulated.

- The system applied replaces point 4.1.1.2 (late registration) of the European Championship Regulations.

- A player being replaced by another player after the preliminary round can be used again during the final weekend under the condition of a replacement referred to in point 2.

- In case that a player under suspension (certain period of time or number of matches) is replaced after the preliminary round or main round, the new player is only eligible to participate after the suspension has been completed.

- Additional costs arising from the replacement or the additional announcement of players shall be borne by the participating nation, apart from the costs of local transport – including the transport from and to the arrival airport, which is provided by the OC.

Additional Announcement – Procedure and Handling

In the case a participating nation nominates 15 players or less out of the total squad, the respective nation is entitled to announce one additional player from the contingent registered in the official squad.

- Such additional announcements shall be forwarded to the EHF in writing (using the official form for additional announcements, presenting the paper officially signed and stamped) by 11:00 hrs. on each match day at the latest to the EHF championship office.

- The passport has to be presented (by team guide, team official, etc.) to an EHF official accordingly in the EHF championship office in original or by fax. In case of a fax copy of the passport is presented by the deadline stipulated, the original passport shall be presented subsequently to the EHF delegates of the respective match, 1 hour prior to the throw-off at the latest.

- After the additional announcement is accepted (final acceptance to be granted only after the original passport has been presented) by the respective EHF official, the player will be put on the official match report of the respective day and all parties involved (media, statistics) are informed accordingly.
TEAM INFORMATION

PRE-MATCH PROCEDURE

Team Line-up

10 minutes prior to the throw-off (individual player presentation at the final weekend)

Both the message and the spirit of the championship underline the decisive role of fair play and sportsmanlike conduct in top level handball. This should be expressed at various occasions (e.g. Technical Meetings, Officials Conference, etc.) and should be implemented by measures and procedures in the arenas. One of those is the team line-up 10 minutes procedure prior to the throw off:

Please be aware that the matches have to be started exactly on time (TV clock required)!

- The deciding of ends will be carried-out by the referees during the warm-up on the playing court.

- Before entering the playing court for the official team line-up, the teams have to follow both the referees’ and floor managers’ instructions for gathering at the meeting point (10-minutes prior to the throw-off in the pre-defined corner of the hall) for the official line-up procedure. Following this signal of the referees, there is no further possibility of leaving the playing court area.

- A “mascot child” assigned by the MKD OC to each team before the match will be a part of the team line-up. The child will wear a T-shirt with a Fair Play Slogan produced by the EHF (T-shirts to be provided by the EHF) and carry the National Flag of his/her team.

- The pre-match procedure will start with an orchestra signal followed by a fanfare (prior to the start of the procedure). After that the pre-match procedure starts.

- At the start of the 10-minutes pre-match procedure the European Championship flag will be presented by four “flag presenting” children.

- Then the team line-up of team A is started by referee A entering the playing court, followed by the child of team A, the captain and the other players of team A. The same holds good for team B that passes by team A in the centre of the court carrying out the “shake hands” before taking their line-up position.

- When the line-up is completed and both teams are in the arena, the children build the link - left and right to the referees - to the respective teams.

The run down/time-line of the 10-minutes pre-match procedure has been defined as follows (compare EHF ECh Guide) with small adaptations due to the agreed-upon length of the national anthems played:

-10:00 Flag mascots, referees, teams ready at the entry meeting point
  (The end of the warm up is 12 minutes prior to the throw off)

-09:30 Start of the ECh flag presentation by 4 flag presenting children
  (marching in the same way as the players, turn at the centre heading the judges’ table and stop there 5 metres in front of it with the front children kneeling down)

(-10:00 to -8:00 to be handled flexibly due to the fanfare or hymns used for entry)

-08:30 Line-up of Team A

-08:00 Line-up of Team B

-07:30 Introduction of team A – players and officials

-06:00 Introduction of team B – players and officials

-04:30 Introduction of the referees, EHF officials / Start of the TV-transmission:
  Trailer A, Trailer B (opener)
  Graphics: location, teams, logos, flags, ranking group A+B
TEAM INFORMATION

-04:00 National anthem of team A → presentation players, coach
   (mascot team A steps forward, turns 90 degrees to his/her team presenting the national flag of team A)

-03:00 National anthem of team B → presentation players, coach
   (mascot team B steps forward, turns 90 degrees to his/her team presenting the national flag of team B)

-02:00 Fair play announcement * → presentation referees
   Final match preparations of the teams

-00:00 Throw-off / Order by EHF Supervisor → score and clock

* Prior to each match the speakers in the halls will announce the following “fair play” text in English and the national language (parallel to the final match preparations of the teams):

“Dear Ladies and Gentlemen, Dear Spectators, In the spirit of fairness and with respect to all athletes, officials and referees we kindly ask you, the spectators, to support your team in a fair and sporty way and to create a positive atmosphere for handball.”

PLAYERS’ CLOTHING

1. The team official in charge shall make sure in due time prior to the match that all sleeve advertising is fixed properly on both sleeves on the jerseys of all players.
2. During the team line-up the entire team must wear identical clothing, either shirts and shorts or tracksuits (except goalies).
3. The players’ names shall be displayed in Latin letters on the backs of the shirts, above the players’ numbers in clearly legible letters of a 10cm height in the reserved area between the shoulders. The area above the names is also reserved for the EHF so please ensure there is no advertising placed in this area. The area on the back of the shirts above the number is reserved for the EHF.

POST-MATCH PROCEDURES

Shake Hands
The teams will shake hands with each other once again and line up at the end of the match. This will be carried-out in an informal way.

Best Player’s Award
After the approval given by the EHF Venue representative the LOC Floor Manager informs the Speaker about the voting of the Electoral Commission for the official announcement in the hall. The procedure of handing over of the award is carried out by the EHF Representative in cooperation with a nominated LOC representative in the centre of the playing court (compare “Fair Play Procedures”).

Flash Zone / Mixed Zone
Players are available for TV flash interviews for the TV stations, which have bought the rights from the countries which have played in the match, in the marked “flash zone”. Other interviews of players or coaches for TV or writing press shall take place in the marked “mixed zone” only.

Post Match Press Conference
15 minutes after the end of each match an official press conference will be carried-out in the press centre of the playing hall. The head coach of the team together with on key player selected by the EHF (respectively announced by the team) MUST take part in the post match press conference accompanied by an interpreter, if necessary (team guide, delegation member etc.). The head coach shall be accompanied by two key players in semi-final and final for the pm press conference. The entire EHF EURO 2008 winner team shall be available for media and promotion purposes.

Details will be coordinated by the EHF Media Official and the OC chief-of-press and communicated to all parties involved.

Olivier Krumbholz

Having spent 10 years as a first division player and turning his hand to training 22 years ago, coach Krumbholz has been the guiding hand of the French women’s national team for over a decade. Under his expert leadership, France has been present at every European and World Championship since 1999 and all three editions of the Olympic Games since 2000. For his efforts, the women’s national team of France has been rewarded with one gold, one silver and two bronze medals. Although, France have not attained the desired results in the past two competitions, Krumbholz returns to the European Championship with a new, young up and coming team, which we will see a lot of in the future.

Nina Kanto

Nina Kanto was born in the Yaoundé region of Cameroon and is a graduate of business school speaking fluent French and English. The pivot has been playing handball since 1994. A total of six years were spent at her first club, Noisy le Grand. In 2000, she signed to Handball Metz. Since making her international debut, she has donned the tricolour 97 times and has scored over 160 goals for France. At the previous European Championship in Sweden, she was part of the French delegation that returned to France with the bronze medal. In the summer of 2008, Kanto was part the Olympic team and after intense competition had to be satisfied with 5th place, but for Nina Kanto, this remains the best handball experience so far.

Amandine Leynaud

Born in the Aubenas region of France, Amandine Leynaud cannot remember a time when she did not play handball. She is currently in her eighth season with Metz Handball, prior to that she played for Bourg de Péage and her hometown team of Aubenas. The goalkeeper is one of the more recent selections to the national team. In 2005, she played her first international against Germany and has stepped out for France on 46 occasions. Although she did not take home any medals, Leynaud gained a tremendous amount of experience being part of the 2007 World Championship and 2008 Olympic delegation.

The 8th European Handball Championship in FYR Macedonia is a turning point in the career of Vilmos Imre. The former first division player has been coaching since 1991; his first success came in 1998 when he led the U16 and U18 men’s national team to victory and three championship titles. Since 2007, Imre has coached the first division women’s team DunaFerr NK, prior to this he spent thirteen years with the men’s first division club DunaFerr SE. In September 2008, Imre was named head coach of the Hungarian women’s national team. After obtaining fourth place at the Olympic Games in Beijing, as assistant coach Imre hopes to take another European Championship medal back to Hungary.

Key Players

Vérten has been playing handball for a long as she can remember. Having carved her position in the left wing; Orsolya made her international debut in 2002 playing against Croatia in a match that Hungary eventually won. Over the past years, she has participated in the European Cup and has won various national championships. During the season, Orsolya can be found playing with the other talents of Györi Audi ETO KC. One of the highlights of Vértens handball career so far was taking part in the 2008 Olympic Games, although Hungary ranked 5th, Orsolya, would like another chance to attain an Olympic medal.

The playmaker, Anita Görbicz, is a solid fixture at Györi Audi ETO KC and has been on the international scene since 2002. With over 130 appearances in her national colours and over 500 goals for Hungary, Görbicz is back at the 8th European Championship. Having already collected one silver and two bronze medals over the course of her professional international career, Anita aims to add gold! Not only has she received accolades for her teamwork, Görbicz is a handball force to be reckoned with as she has been named World Handball player of the year in 2005 and for the past three years running, she has been player of the year in Hungary.

Jan Pytlick

At the age of 25, Pytlick won the Danish Championship and the Cup with GOG’s female team – a brilliant result which he repeated the following year. He was also Danish Champion and Cup winner with the men’s team in GOG before he took over as national coach from the legendary Ulrik Wilbek in 1997. At his first championship Pytlick won a silver medal at the Women’s European Championship in 1998 and in 2000 he won the first of his two Olympic gold medals at the games in Sydney. Two years later he won the European Championship in Denmark and in 2004 he defended the Olympic title in Athens and won silver at the European Championship in Hungary. After a small break, Pytlick is back with the national team and committed until 2012.

Rikke Skov

For many years, captain of the Danish team, Rikke Skov has been a key player both on and off the field. She won the Olympic Games in 2004, and silver at the European Championship in the same year. At club level, she won the Champions League in 2006, she was a CL finalist in 2001, victory was hers at the EHF Cup 1999 and 2004 and up until now she has an amazing 7 Danish Championships and 3 cup finals under her belt. Defensively she is both physically and tactically extremely strong and she knows how to organise and encourage her team-mates. In the attack, Rikke Skov also relies on her physical power and her shot is very hard and very accurate.

Karin Mortensen

An all time favourite with the Danish handball supporters Karin Mortensen has played many fantastic matches in the Danish goal, and she seems to get better and better the more experienced she becomes. Almost out of nowhere she was the ultimate key player when Denmark won the European Championship in Aarhus in 2002, but two years before she was actually in the squad which won gold at the Olympic Games in Sydney. Of course the tall, quick and tactically clever goalkeeper also played an important role, when Denmark four years later defended the Olympic title in Athens.

The Coach

Radu Voina

Sport has always played a key role in the life of Radu Voina. He was born in 1950 in Sighisoara and by the age of 23 he had graduated from the Faculty of Physical Education and Sport at the University of Bucharest. His playing career began in 1969 and ended in 1983 and in that time, he was part of three Romanian Olympic delegations that earned two bronze and one silver medal, this is in addition to numerous national and international championship titles. Voina has been training players for the past 24 years and with the national team of Romania in FYR Macedonia for the Women’s ECh, he intends to show romanian handball at its very best!

Key Players

Narcisa Lecusanu

The aim of Narcisa Lecusanu is to lay waste to her competition and take a gold medal back to Romania. Narcisa is fit, focused and ready for the best European Championship of her career. along with her team-mate Lungu, Lecusanu also picked up her first and only gold medal in 1995. She collected silver approximately 10 years later at the World Championship in Russia. Lecusanu has been with C.S. Oltchim RM. Valcea since season 06/07 and in this team, she has honed her skills in the left back position and is a great support to her team-mates.

Ionela Stanca

Ionela Stanca has been playing handball since the age of 12. She is a World Championship silver medalist and when Romania finished fourth at the 2007 World Championship, Stanca was voted into the "All-Star Team". Probably two of the best, but definetely not the only accolade that Ionela Stanca has earned in her young career. In 1999 Stanca collected gold at the Youth European Championship in Germany and added another gold medal only a year later at the Junior World Championship in 2000. Ionela made her international debut in 1997 and has so far scored over 150 goals for Romania.

Marit Breivik is undisputedly the best women’s handball coach that Norway has ever seen and even that seems an understatement! Having spent 8 years as a professional player, Breivik has had her own success with 137 international appearances before she chose to turn her hand to coaching. She arrives in FYR Macedonia, not only as defending champion, but also Olympic gold medallist after the stunning performance of team Norway in Beijing, Marit Breivik has done it all! With European, World and now Olympic gold under her belt, one may wonder what is next for the trainer that has put Norwegian handball on the map.

Larsen made her international handball debut in 1992 against Denmark and since then she has notched up over 200 international appearances and scored over 450 goals in her national team colours. The middle back from Tonsberg is currently in her 13th season with Larvik HK and her physical strength and abilities lift her above other playmakers. A key player in defence and attack Larsen is a valuable asset both to her national teammates and her club. Her vast wealth of experience will help Norway face any challenge that EURO 2008 brings. Riding on the wave of numerous successes Tonje is part of the Norwegian handball golden era.

Born in 1979, Johansen is a relative newcomer to the international scene. She made her debut in 2004 and, for her efforts, walked away with European gold in the same year and approximately 2 years later added another European Championship win. In addition to garnering medals on the international stage, she has appeared over 100 times in her national colours and scored over 300 goals from the left wing position. A dedicated and key fixture in Larvik – she has been with the club since the 98/99 handball season – Kari Mette has two Cup Winners’ Cup finals behind her, and a very successful career in front of her.

The Coach

Born in 1959, Paula Castro began playing handball at the age of 14 for Portuguese handball club Académico F.C. When she ended her playing career, after playing for the national team and having a few successes on a club level, Castro moved into the realm of coaching with the college club Colégio de Gaia where she still is today. In the season 2006/2007 Castro began coaching the national team and getting Portugal through the play-offs and to their first ever European Championship final tournament was a tremendous achievement. As debutants, coach Castro is well aware that the Portuguese national team are coming in as the underdogs, but as everybody knows, at the European Championship anything can happen!

Key Players

Juliana Sousa began playing handball at the age of 12 and made her international debut against Switzerland in 1993 at the Junior World Championship. Since then she has appeared over 175 times for her national team and scored over 680 goals in both the junior and senior category. Sousa is an extremely versatile player and has been spotted in the left; middle and right back positions, which have helped her attain success on a national level. The taste of sweet victory, against Poland in the ECh play-offs was one of the best moments in Sousa’s 15-year handball career. Sousa has said herself that Norway is the most difficult team to play against, and EURO 2008 will put her spirit to the test as Portugal was drawn into Group B...as were Norway.

The young and very talented Barbosa came on to the EHF scene in season 03/04 after signing for Madeira Andebol SAD. These days you can find Barbosa in Romania with the EHF Cup participants Rulmentul-Urban-Brasov covering the backcourt positions nicely. She began playing handball in 1995 at the age of 9 years and has devoted all her sporting energies to her craft. The highlights of her career so far include qualifying for the Junior World Championships in 2003, being a semi-finalist in the Champions League with Sagunto in 2005/2006 and now, qualifying for the 8th Women’s European Championship. For Barbosa; win, lose or draw, EURO 2008 is a dream come true.

The Coach

Dueñas has had a colourful handball career. He has been a player and a trainer in the ASOBAL league for many years. When he gave up his playing career, he moved into coaching starting with the Spanish women’s junior national team at the end of the 1990’s. Dueñas took on the job of head coach to the national Spanish women’s team in October 2007 after the departure of Miguel Martinez. At the World Championship in 2007, he introduced a few younger players to the international scene and places great value on his experienced players and the potential of the up and coming. Quietly confident, Dueñas is ready to take each match as it comes.

Key Players

Vargas was born in 1979 in the Vizcaya region of Bilbao and began playing handball at the age of 11. The goalkeeper who stands at 1m 72 has represented Spain in 123 international matches. Aitziber made her international debut at the European Championship in the Netherlands in 1998 where in her very first matched faced the Norwegian national team. For her efforts at the Mediterranean Games in Almeria, she and her national teammates were rewarded with a gold medal. Although, there have been no medals for her at the top European events, her desire for a medal at the European Championship has never diminished.

At the age of 17, Marta played her first international match against Poland in Zory at the Silesia Cup. Since then she has played 136 matches and scored 495 goals for Spain. The experienced left back currently plays in Denmark for Esbjerg where she signed a three-year contract and Cementos La Union Ribarroja were very sad to see her go after the successful seasons, whereas Esbjerg were thrilled to sign such a recognised talent. Now her focus is on EURO 2008 and her national team. Despite her club successes, victory at this level remains elusive. Mentally and physically, Gonzalez is playing to win.

Leonid Yevtushenko took over for the second time as head coach of the Ukrainian women’s national team in 2006. His experience as a coach stretches back to 1975, where he started out in a sports school. With the Ukrainian national youth team, he took gold in the Youth European Championship in Lithuania and silver at the European Championship in Poland. His beginnings with the women’s national team date back to 1996, and the success that followed, in 2000 at the ECh in Romania, Yevtushenko won yet another silver medal. In his club career, he has coached two of the best teams in the Ukraine, HC “Spartak” Kiev and HC “Motor” Zaporozhe. He has coached HC “Kometal” Macedonia since 2002.

Standing on the winners’ podium in Athens collecting her Olympic bronze medal was one of the most memorable handball moments that Pidpalova carries with her. Born in the Kherson region of the Ukraine in 1982, it was at the age of 22 years that her Olympic dream was realised. And all this after only 20 international appearances and just 50 goals scored for her country. The left back has spent the past 11 playing seasons with HC “Motor” Zaporozhe, where she was part of the Cup Winners’ Cup winning delegation in season 00/01. Pidpalova knows the challenges a European Championship can bring and wonders if she can assist her team in bringing back another European medal back to the Ukraine.

Maryna returns to the European Championship with over 130 international matches and over 500 goals scored for the national team of Ukraine. Along the way, she has collected a silver medal at the ECh in 2000 and a bronze medal at the 2004 edition of the Olympic games in Athens. She began playing handball at the age of 10 and has been part of the EHF European Cup competitions since season 97/98. She made her name with HC “Spartak” Kiev before moving to Slovenia and RK Krim Mercator Ljubljana where she is in her seventh season. Vergeliuk is key backcourt player and an indispensable part of the Ukrainian delegation.

The Coach

Evgeny Trefilov has had an amazing four years, he took gold at the women’s World Championship in 2005 and 2007. A total of three gold WC medals lest we forget the 2001 WC in Romania. In 2006, team Russia won the silver medal at EURO 2006 and last summer the 2008 Olympics Games, once again Trefilov took silver. Born in 1955, he began his coaching career in 1984 in Krasnodar. He gained more experience working with Vladimir Maksimov as the assistant coach of the men’s national team that became the World Champion in 1997. In 1998 he began to work with women’s club teams and he has led the women’s national team since taking the assignement in 2000.

Key Players

Born in Yaroslavl City in Russia, Postnova began playing handball in school and signed to HC Lada in 2003 at the age of 19. In the same year, she also made her first appearance for her national team. For her there have been 461 goals scored in 121 international matches. Since signing to HC Lada, she has spent every season playing in the Champions League with the best players that Europe has to offer. Her medal count is currently three, and her aim at the European Championship in FYR Macedonia is to expand on this and bring another medal home to Russia. With her undoubted skill in the left back position, this is a possible dream.

Born in the Krasnodar region of Russia, Irina began playing handball at the age of 10. In the three years since her selection to the national team, Bliznova has played 67 top international matches and has put 216 goals at the back of her opponents’ net. It would be a mistake to classify the four-time medal winner as a novice; Bliznova has been signed to Champions League club HC Lada since 2004 and her knowledge of most of the players at EURO 2008 is immense. The right back has spent so much time training for this top event and having a strong sporting mentality, she brings with her a sharpened competitive edge.

Zdravko Zovko was born in 1955 and is a former member of the Yugoslavian national team. As a player, he played in the first official match of the Croatian national team against Japan that took place in Zagreb in 1990. In his illustrious career as a player, he won numerous trophies, the most memorable being a silver medal at the World Championship in 1982, a gold medal at the Olympic Games in Los Angeles in 1984. Since his transition into the realm of coaching, Zdravko won the European club championship with HC Zagreb and has coached a number of teams including Medvescak, Zagreb, Syracuse (ITA), Celje (SLO), MKB Veszprem (HUN), and HC Lokomotiva Zagreb. He is currently coaching HC Podravka Vegeta.

Key Players

Andrea Penezic was born in Zagreb and has been playing handball since early childhood. The 23-year old left back was contracted to HC Lokomotiva Zagreb from 2002 – 2008. At the beginning of the 08/09 season Penezic signed a contract with another top Croatian club – HC Podravka Vegeta. She made the selection for the national team in the winter of 2002 and made her debut against Germany. Her success on an international level is limited to a single bronze medal, which was won at the mediterranean Games in Spain in 2005. Thrilled to be at the 8th European Championship, Andrea is looking forward to all her matches in the preliminary round as they are bound to be full of surprises!

Kristina Franic is a rising star within the Croatian national team and although she is still relatively new to the international scene and still one of the youngest players in the team, the right back has made over 70 appearances for Croatia and has also managed to put more than a few goals in the nets of her opponents. Her first international match was the World Championship qualifier against Russia in 2005. Kristina began her handball career at the club HC Vranjic before she moved to HC Podravka Vegeta where she has been for the past 11 seasons proving that on a club and international level, Franic is a valuable key player that the team intends to hold on to!

The Coach

Gligorov was born in 1963 in the Kavadarci region of FYR Macedonia. He began playing handball on a professional level at the age of 15 and the first club to sign Gligorov was HC “Vardar Vatrostalna” Skopje where he stayed for 10 years. In 1990, he took his first coaching position as with HC “Skopje” as an assistant. Combining a playing and coaching career, in 1995 he took on the task of coaching the junior team of club HC “Vardar Vatrostalna”, the club that gave him his first chance as a player. When he stopped playing in 1996, his coaching assignments took him to Saudi Arabia and Lebanon. In 2008, he returned to FYR Macedonia and agreed to not only coach HC “Kometal Gjorce Petrov”, but the women’s national team as well.

Key Players

For Biljana, it would be fantastic if she could realise the dream of winning the 8th European Championship on home soil. Born in Skopje in 1983, at the age of 10 she began playing handball. Having carved her place as a talented middle back, Biljana started out with HC “Kometal Gjorce Petrov” in the 01/02 Champions League season. She spent six seasons in FYR Macedonia before moving to Greece spending two seasons with GAS Anagennisi Artas, with the pull towards home too great, she returned to HC “Kometal Gjorce Petrov” for an additional two seasons. However, times have changed and in 2008 she signed to Üsküdar B.S.K (TUR). With her new club, she is now playing in the EHF Cup averaging 5 goals per match.

Portjanko signed her first professional contract with Galychanka Lviv, where she spent two seasons, in the Ukraine at the age of 18. Since 2003, she made a permanent move to FYR Macedonia and has spent the past eight sporting seasons with HC “Kometal Gjorce Petrov”. The right back started playing handball at the age of six and has devoted herself to the sport ever since. She made her international debut against Poland in 1998 and has stepped out for her national team on numerous occasions. Despite the lack of success at the previous European Championships, Yulija hopes that the atmosphere in the Skopje will spur the team to advance beyond the main round.

## Qualified for 2009 World Championship

RUS CHN
Nijha developed the new goal for the European Championships. Goalkeepers and players were very enthusiastic about the quality. The specially designed netsystem gives the goalkeeper more safety.

Specially designed for more safety, the fastening of the net is inside the post.

Fun for kids
Besides the development of top-performance equipment, Nijha is also involved in developing special products for young kids. New ideas with the right equipment will make handball even more fun for kids.
