## GOALCHA- Street Handball- Conference

EUROPEAN HANDBALL  
FEDERATION

### The European Handball Federation (EHF) & Goalcha GmbH

kindly invite you to  
**the EHF- Goalcha Conference**  
**14-16 July 2017**

#### What is GOALCHA?

GOALCHA was developed with the objective to bring handball back to school and into the daily life of children and youths. For that purpose, the necessary equipment was reduced to a minimum – all you need is the special GOALCHA-Ball, being "grippable and graspable" for all persons irrespective of their age, sex or motoric capability. With GOALCHA everything centers on the positive **experience** – it's not about competition, or rather who scored more goals when playing GOALCHA Street Handball. It is a match without referee and coach – the players formulate the basic rules themselves and assume responsibility that these are observed during the match. With GOALCHA, there is no right or wrong! All participants shall find out the possibilities and freedoms of their actions and make their own experiences. It's about **communication, respect, equality and fair play**. In this easy and uncomplicated surroundings, the participants can playfully achieve confidence and a feeling of skillfulness in the handling of balls.

GOALCHA is subdivided in the leisure time sport and modern type of handball GOALCHA Street Handball, focused on fun and less rules, and in the numerous GOALCHA Activities, aiming at exercise and the gathering of good experiences with the purpose-made GOALCHABall.

**The goal of the Conference** is to introduce the Goalcha philosophy to everybody, who wants to try this interesting form of activity and spread the experience among children/young players in her/his environment. Our experts will share their knowledge and suggest how to approach players and help them achieve self-assuredness but also a feeling of skillfulness in handling of balls.

**The official language of the Conference is English.**
