By participating in the EHF Champions League a club is awarded with the right to be part of the EHF Club Forum. This right is valid for the season during which the club participates in the EHF Champions League.

The EHF Member Federations are legally and financially accountable towards the EHF in respect of the clubs entering the EHF Champions League.

2 FAIR PLAY

The principles of fair play shall be observed by the EHF Member Federations and their clubs in all matches. This includes not only the treatment of the guest club, the referees and delegates but also the behaviour of the spectators towards all participating parties.

- Observe the Rules of the Game and the Regulations governing the competition
- Respect all participants (players, officials, spectators, media representatives, etc.)
- Promote the spirit of sportsmanship and pursue the cultural mission.

The EHF fair play statement is to be read by the announcer prior to each game in the language of the home club as well as in English:

“To ensure fair conditions for all players, officials and referees and in the interest of the sport of handball we kindly request you, the spectators, to support your team in a fair manner and to show a positive attitude towards all participants and spectators. Thank you.”

All final decisions regarding fixtures lie with the EHF.

Playing dates as well as the exact playing time of any match are only valid after the official announcement by e-mail by the EHF resp. EHFM.

2 ENTRY CONDITIONS

2.1 Eligibility to enter

The participation in the EHF Champions League is restricted to those clubs which participate exclusively in national and international competitions that are recognised by the EHF.

- 2.1.1 Eligibility to enter the EHF Champions League is limited to the national champion of the EHF Member Federations and, in addition, teams eligible to enter in accordance with a respective EHF decision. The registration of teams can only be made by the National Federation on the basis of the clubs' sporting achievement in the last season.
- 2.1.2 The participating teams in the EHF Champions League are determined by the EHF ranking list, which is drawn up prior to each season. According to this ranking list the National Federations ranked 1 to 31 are entitled to participate in the EHF Champions League with the respective number of teams.
- 2.1.3 The winner of the EHF Champions League shall automatically enter the same competition in the subsequent season.
- 2.1.4 Nations ranked 1 to 2 in the EHF ranking list shall have the right to enter 3 teams. Nations ranked 3 to 6 in the EHF ranking list shall have the right to enter 2 teams. Nations ranked 7 to 31 in the EHF ranking list shall have the right to enter 1 team. In addition, the National Federation of the EHF Champions League winner has the right to register an additional team in the following season. However, should the respective federation already have the right to register 2 or more teams, the EHF will take a separate decision about the allocation of this place.
- 2.1.5 The National Federations have the right to register their team(s) for the 2009/2010 EHF Champions League season according to the EHF ranking list, which is enclosed with the present regulations.
- 2.1.6 Per club only one team of the same gender is entitled to participate in the European Cup. It is the responsibility of the Member Federations to take this into consideration during the registration process.

2.1.7 After the closing date for entries, the participating clubs are assigned by the EHF to the EHF Champions League in accordance with the seeding list. If one or several teams fail to register, the EHF has the right to enter the next teams on the ranking list or to award “wild cards” for free places.

Eligibility to enter the competition is conditional upon the availability of sports facilities conforming to the Rules of the Game, to the EHF Champions League Regulations and the respective Manuals. Responsibility in this regard rests with the respective Member Federation.

2 VENUE INSPECTIONS AND AUDITING

The basic venue requirements set-up by the EHF shall be adhered to. The EHF has the right to inspect the playing hall of a participating club in order to make sure that these minimum requirements in terms of technical, organisational and marketing matters are fulfilled by the home club.

The combined effort of the EHF and the home clubs in ensuring high quality standards is indispensable to meet the expectations of spectators in the playing hall, spectators on TV and sponsor partners. A first check before the season as well as a further check during the event ensures the smooth running of the operations in each area of the organisation. A reporting system guarantees a steady improvement for forthcoming seasons.

2.1 Duties of the home club

The home club has to be represented by the club's EHF Champions League responsible involved in the club's business. In case of no fluent English knowledge a translator has to be present. Furthermore, the club is responsible for organising local

transport and (eventually) accommodation for the inspecting EHF representative. For the first site-inspection the cost of travel expenses as well as the daily allowance of the inspection is borne by the EHF, the cost for local transport and board and lodging (if necessary) of the EHF official has to be borne by the home club. In case of a second inspection (audit) all costs are to be borne by the home club. Moreover, the presence of local persons in charge for the individual areas (playing hall, press/TV and marketing) for the complete duration of the inspection has to be secured by the club.

2.2 Site inspection (1)

The site inspection is normally carried out in one day, if necessary the duration can be of 2 days. After the site inspection a meeting with all parties involved will be held to summarise the feedback of the EHF representative(s). An official report (see enclosures) which decides if the venue can be accepted for EHF Champions League matches will be signed by the venue inspector and the home club responsible. Three possible results can be achieved:

- **Approved:** the venue facilities are in good condition and can be accepted without further remark by the EHF.
- **Approved under condition:** some of the venue facilities do not correspond to the standards set for EHF Champions League and have to be improved. Amendments and possible solutions are presented by the EHF. A timetable for implementation is set by the parties involved and a date for a 2nd inspection (audit) is agreed upon.
- **Not approved:** there is an important lack of technical standards, facilities or security standards. An improvement of the situation cannot be achieved due to the time factor or budgetary problems of the club. The venue cannot be accepted for EHF Champions League matches. As a consequence the club has to propose another venue able to meet the standards without any further delay. A timetable is set up by the parties involved and a date for an inspection of the new venue is agreed upon.

2.3 Site inspection (2) – Audit (optional)

There are the same requirements with regards to the organisation as for the 1st inspection. The result of this inspection can be:

- **Approved:** which means that the venue is accepted or
- **Not approved:** in case the amendments stated in the 1st inspection have not been implemented. As a consequence the club has to propose another venue able to meet the standards without any further delay. In case a club cannot meet the venue standards set up by the EHF its participation in the EHF Champions League can be rejected.

3 THE EHF CHAMPIONS LEAGUE FLOOR

3.1 General

Each club participating in the 2009/2010 Champions League has to play its home matches, starting with the Qualification Tournaments, on the official EHF Champions League floor produced by Gerflor (blue-lagoon, black CL design).

A floor responsible of the club has to be nominated and contact details (name, phone number and email address) of the floor responsible have to be communicated to EHF.

The Floor Installation Manual is set up to provide the clubs with all relevant floor related information. This manual will be sent to the clubs prior to the matches and is also available for download on the official EHF Marketing Homepage www.ehfmarketing.com.

3.2 Rent or purchase model

The EHF will offer two possibilities for Champions League participants who have already bought the official Champions League floor: the rent and the purchase model.

3.2.1 The rent model

EHF provides the official floor to the home club for a rental fee of € 2.500 for each EHF Champions League match played on the floor. The floor stays in EHF property. Material and shipment costs are covered by the rental fee. Material order and shipment are organized by EHF in good time prior to the event. Cleaning , removal and storage are within the club's responsibility.

3.2.2 The purchase model

EHF M gives the home club the opportunity to either buy a new or a used official floor (if available). The floor price depends on shipment costs and the condition of the floor. Payment conditions are worked out by EHF M in close cooperation with the home club. The buying price of a new floor includes material and technical support during the first installation (no installation tools included). Thereafter it is the home club's responsibility to organize appropriate material in time (recommendations are given in the Floor Installation Manual). EHF M does not take on material orders, but will of course support the home club with relevant information.

3.3 Production and transport

The official EHF Champions League floor is produced by the EHF floor partner Gerflor and transported to the home club in good time prior to the 1st home match of the EHF Champions League. For a new floor the cost for transport and 1st installation assistance is borne by the EHF M.

In case the home club is located outside of the European Union, EHF M will prepare a proforma invoice for custom clearance and send this proforma invoice to the home club.

After having received the official Champions League floor, the club is obliged to fax all existing custom documents to EHF M, especially if the club rents the floor from EHF M.

3.4 Floor installation

Each installation should be carried out by at least 6 persons from the home club.

Detailed technical instructions are provided in the official EHF Floor Installation Manual, which is sent to all clubs prior to the beginning of the 2009/10 EHF Champions League. On the occasion of the 1st installation prior to the Group Matches technical information is carried out by the floor supplier. All necessary information and installation guidelines will be provided in the "EHF Champions League Floor Installation Manual" published by the EHF and its floor partner.

The first installation is generally done with double-sided tape. In case the home club decides to install the floor with single-sided tape, EHF M does not take the responsibility for the stability of the floor. EHF M advises the home club against the

use of single-side tape for the installation, especially if the floor is installed for more than one match.

3.5 Floor maintenance

The home club agrees to keep the floor clean and in good condition (valid for rent and purchase model). In case damages occur, the home club has to record the defective areas and communicate this information to EHFM as soon as possible. Maintenance costs have to be covered by the home club.

3.6 Storage

As long as the floor is in EHFM property the home club is responsible to store the official EHF Champions League carefully following the instruction given by the floor supplier and the club is also liable for all damages caused during that time. Floor stickers have to be removed and the floor has to be cleaned before storage.

If the home club drops out of the EHF Champions League, a possible storage solution (close to the home club) has to be communicated to EHFM. The final decision of the storage location will be taken by EHFM after having analyzed each case individually.

3.7 Further use

The official EHF Champions League floor shall not be used for other handball matches than Champions League. Exceptions are subject to approval by the EHF.

3.8 EHFM floor contact

EHFM contact for information and requests concerning floor matters:

Marianne Überlacher

The location of the mixed zone is essential and must be an integral part of the routing of the players, yet not too far from the media seats in the hall and the pressroom. It should be located directly outside the player exit; all players should have to pass through the mixed zone on their way to the changing rooms. The area should be separated into clear zones – walkway for the players and the section for the media representatives. If possible the zone for media representatives should be divided into three specific areas too; one area for the holders of TV rights and a second area for radio, followed by written press. All accredited media representatives should be given a plan of this area, which should include details on the routing when they register upon arrival. The press/TV/statistics responsible should also inform the teams on the location of the mixed zone. Security personnel must be well briefed on the restrictions in this area.

Spectators, court personnel, etc. should not have access to this area. Access shall only be granted to the host broadcaster as well as to the media (radio) and press representatives (journalists). A backdrop with the Champions League brand has to be located in the mixed zone (see point 1.5, chapter VI). All interviews have to be done in front of this backdrop in order to secure the presence of local and EHF sponsor partners.

1.4 Press conference

Starting with the Group Phase a press conference is to be organised by the home club 15 minutes after the end of each match (post match press conference). The post match press conference takes place.

As of the Last 16, the club must send a detailed listing of all press activities, which also includes date and time of press conferences, in the week preceding the matches to the EHF. This list must be finalised and confirmed with the EHF in order to ensure that media requirements and interests are met. The EHF has the right to call and stipulate that a press conference is to take place prior to the match.

The press conference has to be attended by the coaches of the clubs, a player, the person responsible for press/TV/statistics acting as a chairman (or another qualified person) and a translator (if necessary). The seating arrangements at the press conference have to be as follows (from left to right): Translator (if necessary), player guest team, trainer guest team, chairman, trainer home team, player home team. The chairman must announce the start of the press conference to all media representatives in the pressroom. The chairman interviews the parties involved – asking them to give a statement on the match and the floor is then given to press/media representatives for questions.

The responsible person for press/TV/statistics (who may delegate responsibility to a secondary person from the media team) must ensure that the head coach and a player, who participated in the match, attend the post match press conference 15 minutes after the match. The head coach and the players are to be informed of this duty before the start of the match, preferably at the technical meeting. The

participants in the press conference should also be handed a copy of the official match report during the conference. There should be cold refreshments available to the coaches and players.

The press conferences should ideally take place in a separate room from the press working room, if this is not possible it should be divided off. The press conference room or area has to have a minimum of 30 - 50 m² and has to be equipped with:

Following a written request of the EHF, the person responsible for press/TV/statistics provides the EHF with a short media report (information on the press/media representatives on site: number, type of media, e-mail contact etc., and a collection of press clippings in order to monitor the coverage in the national press) within 1 week after the match.

SAFETY AND SECURITY PROCEDURE

1 PREAMBLE

The EHF promotes the development and the spreading of handball in Europe. In addition to facilitating the discussion of interests and experience, a core objective at all levels is the promotion of FAIR PLAY in all international handball competitions/events (hereinafter called competitions).

In view of the objectives pursued by the EHF and in the interest of conducting competitions under equal and fair conditions, the protection of those participating in competitions, including specifically players, coaches, team managers, media workers, officials, spectators, etc. is a key concern.

Safety and security measures are adopted by the local organiser as necessary in each case to address local hazards. The measures are approved and supplemented, if required, by the EHF.

The minimum standards laid down in the Rules on Safety and Security Procedure are to be understood as additions to local regulations. They are binding for all parties involved (clubs, federations, security services) as well as participants and spectators and shall be complied with in any circumstances in order to ensure the safe and controlled conduct of each competition.

These Regulations are intended to help raise the awareness of all involved parties of the need for an active approach to the issue of safety and security in and around playing halls.

All home clubs have full responsibility for the conduct of the competition including all the safety and security measures required and the deployment of security staff. Every effort shall be undertaken well before a competition to avoid incidents in connection with the competition as far as possible.

Designed to foster a culture of fairness in handball and to create the best possible conditions for everyone, the following Regulations represent another step in making the sport of handball even more attractive.

2 RESPONSIBILITIES

2.1 The home club

The local organiser (club, federation, etc.) shall organize competitions on its own account and on its own responsibility within its scope of operation in compliance with national legislation.

2.2 Indemnification and right of recourse

Any claims for damages arising from losses sustained in connection with competitions shall be addressed to the local organiser (club, federation, etc.) and any legal action brought before a court at its place of jurisdiction. If an award is issued against the EHF in the above-mentioned context by a national or international court or under other proceedings ordering or obligating the EHF to provide indemnification, the EHF shall be entitled to full recourse against the local organiser.

2.3 EHF Statutes and Regulations

All organizational measures and operating plans shall be in accordance with EHF Statutes and Regulations unless such Statutes and Regulations are in conflict with national legislation. In addition, further arrangements and instructions shall be observed as may be made or issued from time to time by the EHF security delegate on site.

CATEGORIES IA + IB: low-risk competitions

High-risk competitions are competitions in which

1. incidents have occurred in the past,
2. incidents may be expected to occur in the future given the nature of the parties involved and local circumstances,
3. in which the risk to safety and security is higher due to the spatial arrangements in the playing hall and/or the lack of facilities for separating spectator seating areas.

3.2 Classification of Competitions into Risk Categories

The EHF has the right and the obligation to classify all competitions into one of the two risk categories. As long as not classified otherwise, any competition shall be deemed to be a risk category IA competition (competition without additional safety and security measures). If a competition is rated by the EHF as falling into risk category IB or II, the teams concerned and the local organiser shall be notified of the decision without delay.

The EHF may change the risk classification of a competition at any time.

Regardless of the risk classification of a competition, the EHF delegate present on site shall have the right and the duty to carry out any safety and security inspections that are required. In the event of unforeseen occurrences the EHF delegate shall take or order measures to be taken that are required to avert any hazard or damage and prepare a report to the EHF. 3.5.2 CATEGORY II: unrestricted approval subject to certain conditions

Playing halls that do not fully satisfy the catalogue of criteria may be given approval provided that certain conditions are met (reduced number of spectators, removal of a number of rows of seats, etc.). Such an unrestricted approval may be given for an unlimited period of time. Compliance with the conditions imposed shall be verified by the EHF on a regular basis. Approval may be revoked by the EHF at any time.

11 JURISDICTION OF THE EHF COURT OF ARBITRATION

11.1 A plea that the arbitral panel does not have jurisdiction shall be raised not later than the first pleading in the matter. A party is not precluded from raising such a plea by the fact that he has appointed, or participated in the appointment of an arbitrator. A plea that the arbitral panel is exceeding the scope of its authority shall be raised as soon as the matter alleged to be beyond the scope of its authority is raised during the arbitral proceedings. In both cases a later plea shall not be permitted; if the arbitral panel however considers the delay justified, the plea can be admitted.

11.2 The arbitral panel shall rule on its own jurisdiction. The ruling can be made together with the ruling on the case or by separate arbitral award.

12 RULES OF PROCEDURE

12.1 All arbitral proceedings shall be conducted in accordance with the obligatory provisions of chapter four of Austrian Code of Civil Procedure and the Rules of Arbitration set forth herein. For the rest the arbitral panel shall have complete discretion to determine the procedure. In all non-regulated cases the Austrian Code of Civil Procedure Sec. 577 ff shall apply subsidiarily.

12.4 Individual questions of procedure may be decided by the chairman of the arbitral panel alone if so authorized by the other members of the arbitral panel.

12.5 The proceedings are non-public.

12.6 If one party does not take part in the proceedings, the case shall be heard with the other party alone.

13 INTERIM MEASURES OF PROTECTION

13.1 Unless otherwise agreed upon by the parties, a sole arbitrator nominated by the ECA President or the chairman of the arbitral panel in the principal proceeding may, at the request of a party, take such interim measure of protection as the sole arbitrator (arbitral panel) may consider necessary in respect of the subject matter of the dispute, as otherwise the enforcement of the claim would be frustrated or considerably impeded or there is a danger of irreparable harm. The sole arbitrator may require any party to provide appropriate security in connection with such measure. The parties are obliged to comply with such orders, whether or not they are enforceable by State courts.

13.2 The request for interim measures of protection shall be filed with the ECA Office.

- 13.3 If the request for interim measures is submitted separately from the principal proceedings; the requesting party shall pay a fee in the amount of € 1,000.00 upon filing the application with the ECA Office. The ECA Office shall be provided with evidence of the transfer upon filing. If the fee has not been credited to the account of the ECA Office by the time the claim is filed, the claim shall be deemed withdrawn.
- 13.4 The decision on interim measures of protection may under certain urgent circumstances be awarded without hearing the other party.
- 13.5 If the decision on interim measures of protection was awarded without hearing the other party, the respondent has the right to object to the measure. If the decision on the request was passed by a sole arbitrator or the chairman of the arbitral panel in the principal proceedings, the objection shall be decided on by either the collective arbitral panel already engaged in the principal matter or a new (sole) arbitrator nominated by the ECA President.

14 DUE PROCESS

- 14.1 The parties shall be treated with equality. Each party shall be given full opportunity to present its case at all stages of the proceedings. - 14.2 All written pleadings, documents or other communications submitted to the arbitral panel by one party shall be communicated to the other party. Likewise, expert reports and other evidentiary documents on which the arbitral panel may rely in making its decision are to be communicated to both parties.

15 ORAL PROCEEDINGS

The proceedings may be oral or only in writing. Oral hearings shall take place at the request of one party or if the arbitral panel before which the case was brought considers it necessary. In any case, the parties must be given the opportunity to take note of, and comment on, the motions and pleadings of the other parties and the result of the evidentiary proceedings.

16 MINUTES OF ORAL PROCEEDINGS

Minutes shall be taken of all oral hearings. The minutes shall especially include the wording of the motions, the statements of witnesses and the application of further evidence as well as the wording of decision(s) and rulings. The minutes shall be signed by the chairman.

17 SETTLEMENT

17.1 If, during arbitral proceedings, the parties settle the dispute, the arbitral panel shall terminate the proceedings. If requested by the parties, the arbitral panel shall record the settlement in the form of an arbitral award on agreed terms, unless the contents of the settlement are in violation of public policy (ordre public).

17.2 An award on agreed terms shall be made in accordance with section 23 and shall state that it is an award. Such an award has the same effect as any other award on the merits of the case.

18 RENDERING OF THE ARBITRAL AWARD

19.4 The award shall state the date on which it was rendered and the place of arbitration. The award shall be deemed to have been made on that date and at that place.

19.5 The arbitration award does not invalidate the underlying arbitration agreement.

20 DECISION ON COSTS

20.1 The arbitral panel shall in the award determine which party shall bear the arbitration costs.

20.2 As a general rule the unsuccessful party shall bear the costs of the arbitral proceedings. The arbitral panel may take into consideration the circumstances of the case, and in particular where each party is partly successful and partly unsuccessful, order each party to bear its own costs or apportion the costs between the parties.

20.3 In any case the decision on costs and the fixation of the amount shall be effected in terms of an award.

21 COST OF PROCEEDINGS

21.1 The costs of proceedings consist of the following elements:

The rules of Section 63 of ZPO (the Austrian Code of Civil Procedure) shall apply accordingly. The same shall apply for clubs under insolvency proceedings.

24.2 The ECA Council shall issue an order for the termination of the arbitral proceedings when:

- (1) The claimant withdraws his claim, unless the respondent objects thereto and the arbitral panel recognizes a legitimate interest on the latter's part in obtaining a final settlement of the dispute; or
- (2) The parties agree on the termination of the arbitral proceedings; or
- (3) The parties reach a settlement in the dispute, or
- (4) The parties fail to pursue the arbitral proceedings over a period of three months in spite of being so requested by the arbitral panel or when the continuation of the proceedings has become impossible for any other reason.

24.3 If nomination of an arbitrator or substitute arbitrator does not occur within the set time-limit and if none of the parties requests nomination by the Council, the ECA Council may terminate the proceedings after having consulted with the parties.

25 LOSS OF RIGHT TO OBJECT

A party who knows that any provision of these Arbitration Rules or any other agreed requirement under the arbitral procedure has not been complied with and yet proceeds with the arbitration without stating its objection to such non-compliance without undue delay, may not raise that objection later.
