## PREVIEW: Five teams from the EHF Champions League qualifiers chasing compensation

Only four teams are involved in Round 2 of the Women's Cup Winners' Cup, of which the first match is being played on 18 October. A new winner of the tournament may have to be found, as reigning champions Viborg HK are in the EHF Champions League, and only if the Danish champions finish fourth in their group, they will be defending the title in the Cup Winners' Cup.

In total 30 teams will enter this season, the two winners of the Round 2 will join 18 sides waiting in the Round 3, the four fourth ranked outfits from the Women's EHF Champions League Group Matches will join the action in the Last 16. The Women's Cup Winners' Cup will be played in a traditional knockout format with first two rounds followed by the last 16 stage, quarter-finals, semi-finals and the final scheduled for 2/3 May (first leg) and 9/10 May (second leg).

For the second year in succession, BNTU-BelAZ Minsk Region failed to qualify for the group matches of the Women's EHF Champions League. Just like last season, the Belarusian champions had to leave the competition after the qualification tournament. So, once again they are trying their luck in the Cup Winners' Cup, in which they reached Round 3 last season. Round 3 is exactly what they women from Minsk will reach again, if they overcome ACME-Zalgiris in the tie which starts with the first leg in Sport Palace RCOR in Minsk Sunday afternoon.

For Zalgiris from Kaunas in Lithuania, reaching the third round of the Cup Winners' Cup would be their finest achievement in Europe so far. Both teams know their next opponent, if they make to the third round, as the winner of this tie will meet the German Bundesliga team HSG Blomberg-Lippe.

The match between Minsk and Zalgiris is the only match in the Cup Winners' Cup this weekend, and the tie is one out of only two ties in the tournament in this round. The other one is going to be carried out as a double header next weekend between Norwegian Byasen Trondheim and WHC Danilovgrad from Montenegro.
