A vibrant, close-up photograph of a crowd of people, likely at a sporting event. In the foreground, two women are cheering with their mouths wide open. The woman on the left has the flag of North Macedonia painted on her cheeks, and the woman on the right has the flag of Italy. Other people in the background also have flags painted on their faces, including the flag of Romania. The overall atmosphere is one of excitement and unity.

Foreword

Dear media representative,

As we count down to the 2015 MVM EHF FINAL4 in Budapest on 9/10 May 2015, the next exciting phase of the Women's EHF Champions League is upon us. There are 116 matches behind us and what remains is a great interfusion of contenders with eight teams from eight countries: Denmark, Germany, Hungary, FYR Macedonia, Montenegro, Norway, Romania, and Russia. The only hurdle standing between the teams and their ticket to Budapest is the quarter-final.

Having been a firm fixture of the competition from the early seasons, the teams of Viborg HK A/S and Buducnost will face each other once again; each team comes to the quarter-final as a champion with two decades of experience playing top level handball. Thüringer HC is currently relishing its fourth season in the Champions League; reaching the quarter-finals is the greatest achievement of the club so far, but how will the team fare against Larvik, a team with a wealth of experience and a title under its belt?

When the players of HCM Baia Mare meet their counterparts from Dinamo-Sinara, it will be a match where both teams are both on relatively equal footing. Being a veteran of the Champions League, Dinamo performed slightly better in the previous round and this will be the second time that the team has been under the last eight; the team from Romania has entered the quarter-final for the first time. For both teams, winning is everything, as one team will advance further than ever before; and for the other the campaign will end. With the experience of being in a final tournament still fresh in their minds, the players of WHC Vardar SCBT face an uphill battle facing the defending champion, Györi Audi ETO KC; this match is guaranteed to have many moments that are not to be missed.

With the teams paired off, the first leg of the all four matches will throw off over the weekend of 4/5 April and the final four will be known a week later when the quarter-final concludes on 12 April.

We pride ourselves on our positive and cooperative relationship with the press and media and I am sure this will continue and develop in the future. Should you require any information, help or assistance, your first point of contact is the EHF Media and Communications Department based in our office in Vienna. They will be more than happy to assist you with any questions you might have.

Media information

Team line-ups and match reports

From the opening matches of the season, the complete team line-up has been available online at eurohandball.com and available to download as a PDF document.

The change has been made possible thanks to the introduction of a new online solution, which sees the EHF match delegate complete the final team line-up immediately after the technical meeting.

This development means that team line-ups are available for commentators and reporters hours before each match throws-off.

A further change means that a short time after each match, a completed match report will also be available online with details such as goal scorers and number of spectators.

Team line-ups and match reports can be viewed by clicking on a particular match on the eurohandball.com or ehfCL.com websites.

The online system is also under further development with the ultimate aim being to provide live scores and statistics from EHF competitions and available on the EHF website.

Media portal

All media representatives are invited to register for the EHF media portal on <http://members.ehf.eu>

The European Handball Federation's media portal is a one-stop-shop for media representatives offering all the EHF's media news such as press releases, event flash quotes directly after matches, press conference highlights, draw reactions and downloads of all relevant information including, but not limited to, media guides and event logos. Furthermore photographs that are free for editorial use will be available for download.

For major events such as the EHF EURO or the VELUX EHF FINAL4 match prep kits including historical information and head-to-head statistics will also be made available.

If you haven't registered yet, please send an email to media@eurohandball.com and we will provide you with the log-in details.

Accreditation for Quarter-finals

The written media and photographer's accreditation procedure in the Quarter-finals is entirely in the responsibility of the participating clubs.

Energy giant MVM takes up title sponsorship for WOMEN'S EHF FINAL4

The Hungarian energy company MVM Magyar Villamos Művek Zrt. has signed a contract with the organisers of the WOMEN'S EHF FINAL4, becoming the event's title sponsor for the second year in a row. The event's official name will be the 2015 MVM EHF FINAL4.

The final weekend of the WOMEN'S EHF Champions League and pinnacle event of women's club handball will take place on 9/10 May 2015 in the Papp László Sportaréna in Budapest. One year ago, Hungarian side Győri Audi ETO KC lifted the trophy after a thrilling final victory against Montenegrin club Budućnost in front of 10,000 fans.

Commenting on the agreement, Peter Vargo, Managing Director of EHF Marketing, said: "The fact that MVM has become the event's title sponsor underlines its prestige and the reputation that women's handball has in Europe."

Csilla Nagy, Deputy Communications Director of MVM, said: "Last year's MVM EHF FINAL4 was a huge success as 10,000 fans celebrated women's handball together with the participating teams."

"We continue in our efforts to give 'a lot of energy' to the best European handball teams and we are proud to be the title sponsor

of the 2015 MVM EHF FINAL4. We believe the event will increase the rank of both Hungary and our company on the national as well as on the international level."

The Hungarian Handball Federation, as co-hosts of the 2015 MVM EHF FINAL4, welcomes the title sponsor.

"With the successful organisation of the 2014 MVM EHF FINAL4 we have proven that Hungary is a perfect venue for Europe's biggest women's club handball event," said Iván Vetési, President of Hungarian Handball Federation (HHF).

2015 MVM EHF FINAL4

2015 is the second consecutive year that the WOMEN'S EHF Champions League culminates in an EHF FINAL4-weekend and is not decided by home and away matches between the two eventual finalists.

After the successful premiere last year with 10,000 fans following the matches in a sold-out Papp László Sportaréna, the EHF and EHF Marketing reached an agreement with the Hungarian Handball Federation as local organisers until 2016.

The four participating teams are known once the quarter-finals will have been played by 12 April 2015. Two days later, on 14 April, the draw for the 2015 MVM EHF FINAL4 will take place. On this occasion a new trophy for the eventual winners, designed by graduates of the renowned Moholy-Nagy University of Art and Design Budapest, will be presented.

The semi-finals at the 2015 MVM EHF FINAL4 will be played on Saturday, 9 May; the match for third place and the final on Sunday, 10 May. The exact throw-off times will be communicated in due time.

MVM EHF FINAL4 Draw

The semi-final draw and the press conference for the 2015 MVM EHF FINAL4 will take place on Tuesday, 14 April 2015 at the Moholy-Nagy University of Art and Design (MOME) in Budapest.

The event will include a presentation the new trophy for the Women's EHF Champions League.

The draw event is scheduled to begin at 11:00 hrs.

Facts and figures of the main round

Larvik, Buducnost and Kudlacz top the rankings

After 36 matches, the main round of the Women's EHF Champions League came to an end on Sunday 15 March.

The eight participants of the competition's first quarter-finals are confirmed and we can now look upon the most important statistics, facts and figures of this phase, in which the overall ranking also includes 24 group matches between qualified teams.

Buducnost and Larvik HK lead the points ranking after winning all respective main round matches, defending champions Győr were beaten twice by Larvik, while Baia Mare and Thüringer made remarkable turnarounds by taking eight points after starting the round without a win.

1 team, Larvik, have won all their matches so far this season.

1 team, Krim, did not score a single point in the main round.

1 team, Baia Mare, arrived in the main round with zero points on their account, but made it to the quarter-finals by winning four of six main round matches.

1 main round match (Dinamo vs Thüringer HC) ended with a draw (three in all relevant 60 matches).

2 defeats in the same stage of the competition occurred to Győr for the last time in the group matches of the 2011/12 season (against Randers and Hypo). Two defeats against the same opponent, as suffered in the main round against Larvik, happened to Győr for the last time in the 2006/07 semi-finals against Slagelse (25:31, 22:30).

4 former Women's EHF Champions League winners are still in the competition, representing seven titles: Viborg (2006, 2009, 2010), Győr (2013, 2014), Larvik (2011) and Buducnost (2012). This means that all winners of the past six seasons are among the eight quarter-finalists.

5 teams, which had been among the top eight (main round) of the previous season, are still in competition. They are Women's EHF FINAL4 participants Győr, Buducnost and Vardar plus Larvik and Thüringer HC. Dinamo, Viborg and Baia Mare were not among the eight in 2013/14, Midtjylland, Sävehof and Krim are out.

5 of the 36 main round matches ended with the smallest possible margin of one goal – one match in Group 1 and four in Group 2.

8 nations are represented by the eight quarter-finalists: Norway, Hungary, Romania, Denmark, Montenegro, Russia, Germany and FYR Macedonia. Compared to last season, Russia and Romania have replaced Slovenia and Sweden among the top eight teams.

8 of 36 matches ended with 60 or more goals, five of them in Group 1, only three in Group 2.

9 straight times Győr managed to be among the eight best teams of the competition, while it is the sixth straight time for Larvik.

12 points in six matches (the optimum) were reached by the two group winners Larvik and Buducnost in the main round.

13 matches in the main round were attended by 3,000 or more spectators.

17 main round matches ended with a win for the away team (27 in all 60 relevant matches).

18 of the 36 main round matches ended with a win of the home team (30 in all 60 relevant matches).

19 goals was the biggest winning margin in those 36 main round matches, when Buducnost beat Krim 39:20.

20 points in ten relevant matches was the top result, managed by Larvik, the only team which won all 12 matches. Buducnost (one group match draw against Vardar) are unbeaten as well with 19 points in those ten relevant matches and 23 points in total.

40 was the lowest number of goals in a single main round match, when Larvik beat Győr 21:19.

76 goals were scored in the match Krim vs Vardar (29:47) which was the highest scoring.

+77 is the impressive goal difference of Buducnost after the ten relevant matches.

87 goals were scored in the duels of Larvik vs Sävehof (25:20, 25:17) and was the lowest aggregate score between two teams.

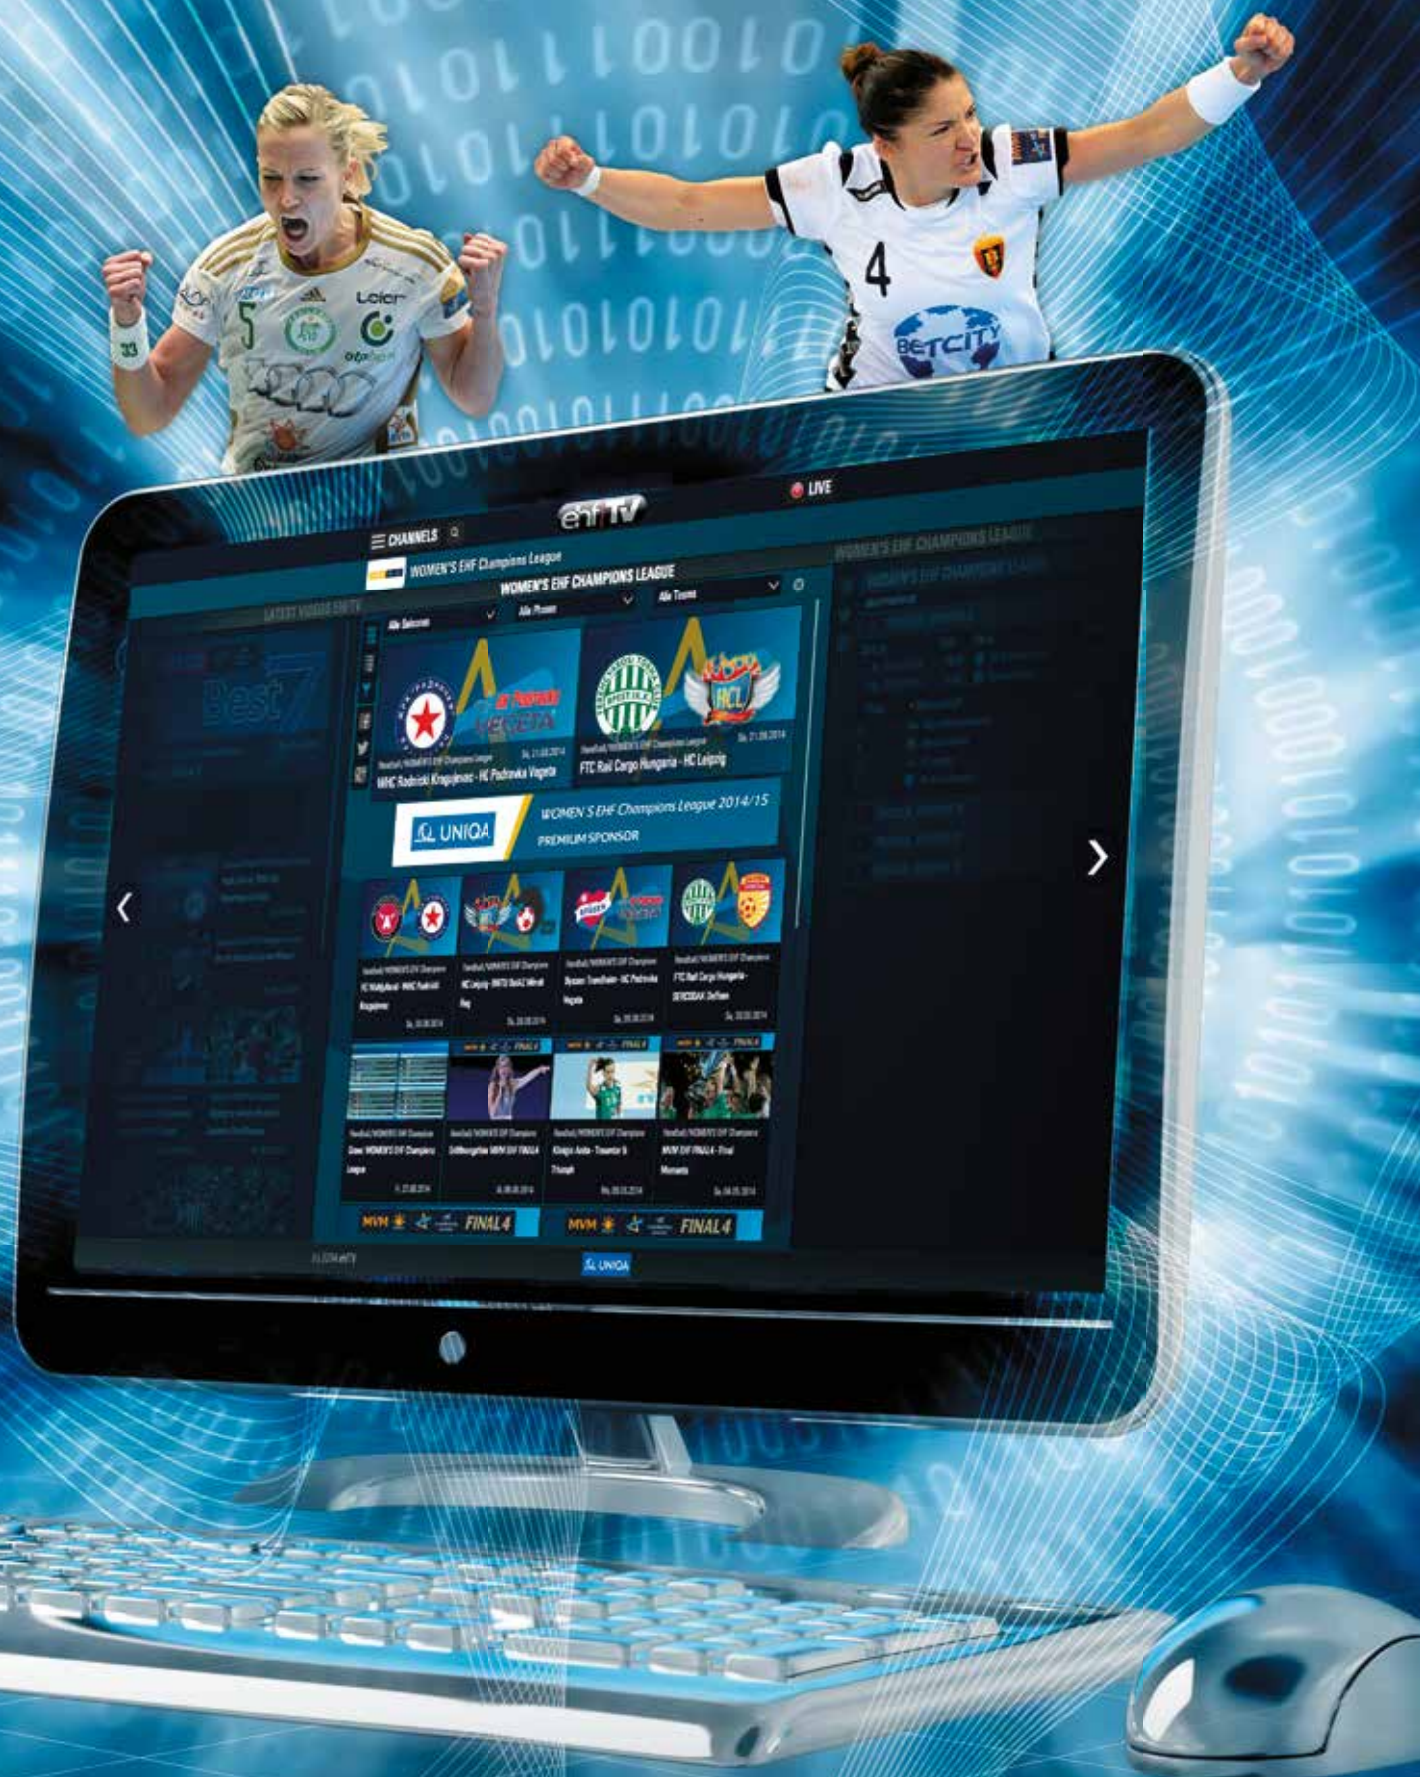

147 goals were scored in the two duels of Krim vs Vardar (30:41, 29:47) and was the highest aggregate score.

193 goals were conceded by Buducnost, the best defensive record.

282 goals were scored by Győr in all relevant ten matches to have the best attacking record.

4,807 spectators was the average attendance of the three main round matches in Metz to top the ranking.

5,098 spectators was the highest attendance at a main round match, when Metz hosted Viborg.

Important regulations

Scoring of the matches and ranking

QUARTER-FINALS

If, after completion of the two matches, both teams have won the same number of points (no extra time will be played), the teams' standings shall be determined by the following criteria: a) goal difference b) greater number of plus goals scored in away match c) penalty throws.

RULES FOR EXECUTION OF PENALTY THROWS

- Prior to penalty throwing, each team shall name five players eligible to play at the end of the match by handing the referees a list of numbers. These players shall then take one throw each, alternating with their opponents. Each team is free to determine the sequence in which throwers will take their throws

- The goalkeepers may be freely selected from the match report and exchanged in accordance with the Rules of the game. Goalkeepers may take throws and throwers may play as goalkeepers.

- The referees shall choose the goal at which throws are taken. The team taking the first penalty throw shall be determined by the referees by drawing lots. The team winning the draw may choose whether it wishes to throw first or last.

- If scores are equal after the first round of penalty throwing, it shall be continued until a decision is reached. In the second round, the other team shall start. Again five players shall be named who are eligible to play (the players named before may be named once again).

- In the second round, a decision is reached when a goal difference arises after both teams have taken one throw each.

- Eligible players are players entered in the match report who have not been disqualified or suspended at the time of the final whistle.

- Serious infractions committed during penalty throwing shall be sanctioned by disqualification. If a thrower is disqualified or suffers an injury, an eligible substitute player shall be named supplementary.

- While the throws are being taken, only the player taking the throw, the current goalkeeper and the referees may enter the respective half of the playing area.

- If the number of eligible players falls below five, players may be named to take a second throw in the same round.

Viborg HK A/S vs Buducnost

First leg

Sunday 5 April, 16:50 hrs. local time

Second leg

Sunday 12 April, 17:00 hrs. local time

Buducnost fly to Denmark as obvious favourites before the first leg of their quarter-final tie against Viborg, but they will be facing a reinforced Danish team Sunday.

If you look at the results achieved by the teams so far in the Women's EHF Champions League, there is no doubt that Buducnost are clear favourites before meeting Viborg HK in the quarter-finals with the first leg in Viborg Stadionhal in the last afternoon Easter Sunday.

Having gone through group phase as well as main round as undefeated, only losing one point on the way, the Montenegrin champions cannot possibly escape the role as favourites against Viborg who secured the quarter-final berth from fourth position in their main round group on the very last match day.

However, will be a Viborg team, who are considerably strengthened compared to their main round matches who will be entering the court Sunday afternoon.

The injury list, which was extremely long for quite some time, has become shorter lately.

Key players such as playmaker Isabelle Gullén and line player Mette Gravholt are back.

"It means a lot to our team that they are back – also because it means that some of us can get a rest on the bench from time to time. That will mean a lot against a team like Buducnost," finds another key player by Viborg, Rikke Skov who is not afraid of the prominent opponent.

"We are really looking forward to meeting one of the best teams in Europe. As underdogs, I think we can play freely, but of course we are playing to win. It would just be so cool to go on in the tournament," says Rikke Skov.

The reinforced Viborg team also causes respect by Buducnost's Danish player, right back Camilla Dalby.

"Viborg have a really strong first seven, and they are a team with an enormous international experience, so we have the greatest respect for them," says Camilla Dalby.

4th ranked Group 2

Viborg HK A/S (DEN)

Viborg were the unpleasant shock of last season's EHF Champions League when they crashed out of the competition in the qualification tournaments, allowing local rivals FC Midtjylland to carry Denmark's flag and overachieve by reaching the FINAL4.

The tables turned this term, with FC Midtjylland stopped in their tracks during the qualifying rounds while Viborg advanced into the main round from a tough group headed by Györi Audi ETO KC. They took a modest three points with them into the second stage, courtesy of a 38:25 home win over Swedish rivals IK Sävehof and a 25:25 away draw against the same opposition.

Viborg hope for full recovery of Serbia left back Sanja Damjanovic, who was instrumental in last season's success of clinching the Cup Winners' Cup having scored 32 goals in Europe's second-tier competition. Maria Fisker, the club's top scorer in this season's Champions League, netted as many in the six group matches while versatile Swede Isabelle Gulden, who was voted the MVP of the EHF EURO 2014 last December, followed with 28.

Nurturing a typically Scandinavian style of play based on strong defence and bursts of speed resulting in a barrage of fast-breaks, Viborg showed their potential in a narrow 22:20 defeat at Györ, when they led 11:9 at halftime.

In the main round they had no chance of catching up with the Hungarian side and Larvik at the group's summit, but exactly Györ's win at Metz in the last round saved their quarter-final hopes almost ruined by a 10-goal defeat in Baia Mare.

Buducnost (MNE)

Reinforced by the return of talismanic right back Katarina Bulatovic after her two-year exile, Buducnost cruised through the preliminary group stage dropping only one point in the process.

With her lethal shooting, Bulatovic added bite in attack as Buducnost continued to rely on a squad packed with talent as well as experience, boasting a pair of world class players in almost every position. While Bulatovic was the driving force of the team that won the EHF Champions League 2012 title, new signings which arrived during her absence, such as Poland's Kinga Byzdra and Romania's top player Cristina Neagu, have provided a welcome share of the workload at both ends of the court.

Buducnost remain one of the favourites to win Europe's premier club competition despite their line player Suzana Lazovic suffering a serious ankle injury in a regional league match against Macedonian rivals HC Metalurg. Experienced campaigners Majda Mehmedovic, Milena Knezevic, Radmila Petrovic and Biljana Pavicevic have ensured a smooth ride into the quarter-finals.

Towering Serbian pivot Dragana Cvijic and rock-solid Croatian goalkeeper Marta Zderic add options at both ends of the court, making Buducnost a team with an almost impregnable defence and a fearsome attack.

Unbeaten this season last year's finalist also earned some impressive victories in the main round with up to a 19-goal-difference as in their home match against RK Krim Mercator.

Thüringer HC vs Larvik

First leg

Saturday 4 April, 14:00 hrs. local time

Second leg

Saturday 11 April, 18:30 hrs. local time

As Larvik have been unstoppable in the Women's EHF Champions League so far, they are obviously also favourites in the quarter-finals against Thüringer HC, but goalkeeper Sandra Toft issue a word of warning against the experienced German champions.

Having gone through the Women's EHF Champions League as the only team who has not lost a single point in neither group matches nor main round, Larvik appear as favourites in the quarter-finals against Thüringer HC ahead of the first leg in the Wiedigsburghalle in Nordhausen Saturday afternoon.

However, the German champions reached 11 points in the main round group, and that is a considerable amount for a fourth placed team.

The team under the tactically clever coach Herbert Müller have even taken points from some of the teams who finished ahead of them in Main Round Group 1.

That calls for a certain respect in Larvik.

"Of course, we are favourites, but we have to be aware of Thüringer who have a very experienced team and a lot of good players, and who have done really well in the competition this far," Larvik's Danish goalkeeper Sandra Toft tells ehfCL.com.

"They are particularly good in their own hall, where they always get the support from a lot of people, so for us, it is a question of getting a good result down there. However, a good result would still be a win. Of course, we aim to win every time we play," adds Sandra Toft.

"Of course, it would be crazy not to accept our role as favourites, and I do believe we can win over two matches. It would mean so much to us to get to the MVM EHF FINAL4. Anyway, we are really looking forward to these quarter-finals," says Sandra Toft.

Thüringer HC (GER)

Thüringer's steady progress in Europe's premier club competition culminated with this season's impressive performances in the toughest preliminary stage group, where the German title holders, who have won the last four national championships, advanced alongside Balkan giants Buducnost and Vardar.

Especially morale-boosting was their 21:20 home win over Vardar in the last round which made sure they took two points into the main round and the result may make all the difference in their quest to go a step further and progress to the last eight.

The club took an important step towards long-term success at home and in Europe when they extended contracts with German right wight Svenja Huber and Dutch international Danick Snelder, both of whom will look forward to the main round after performing well for their respective countries in the EHF EURO 2014.

Electrifying left back Nadja Nadgornaja will be sorely missed in the quarter-final after being the team's driving force in the main round. The Ukrainian-born netted 34 goals already in the preliminary group stage and added another 38 in the main round.

With three rounds to go it was clear that the race for the final ticket will go down to the wire between Thüringer and their German rivals HC Leipzig, but all was decided even before their internal clash in the last round.

Larvik HK (NOR)

Much Like Györi Audi ETO KC, Norwegian giants Larvik need no special introduction. One of Europe's teams had a poor EHF Champions League campaign last term by their standard as they failed to reach the MVM EHF FINAL4, but the current one promises to be a very different story since they also romped into the quarter-finals with a maximum 20 points.

Although they rode their luck at times both in the preliminary group stage and the main round got away with several close calls, there is little doubt that Larvik are one of the prime candidates to win their second title in Europe's elite club competition after lifting the trophy in 2011.

They have been the core of Norway's national team for some time now and having won EHF EURO 2014 with some aplomb, the challenge of adding the elusive Champions League title cannot come soon enough for a bulk of players who were crowned in Hungary last December.

Larvik, whose transition from defence to attack and the ability to score an avalanche of easy goals from fast breaks is unmatched, have only one foreigner in their ranks but the arrival of left back Alina Wojtas from Polish champions Selgros Lublin has boosted an already impressive roster.

Right wing Nora Mørk is their leading scorer with 64 goals followed by Linn-Kristin Riegelhuth Koren on 59 but neither of them being in the top eight belies the fact that Larvik are a team with an arsenal of attacking options comprising a balanced and highly effective unit at both ends of the court.

HCM Baia Mare vs Dinamo-Sinara

First leg
Saturday 4 April, 18:00 hrs. local time

Second leg
Saturday 11 April, 14:00 hrs. local time

There is very little separating HCM Baia Mare and Dinamo-Sinara before their clash in the European top flight's quarter-finals. While Baia Mare is on pace for their best season ever, Dinamo will try to emulate their 1999/00 feat of reaching the last four.

A dreadful season was on the cards for HCM Baia Mare, after the Romanian champions entered the Women's EHF Champions League's Main Round with zero points.

However, the season's greatest turnaround saw Baia Mare place third in Group 2, after winning both legs against Viborg HK and Sävehof IK.

Having reached the last eight for the first time in history, HCM Baia Mare are on the verge to become the second Romanian team to reach the top four after Oltchim Râmnicu Vâlcea.

But if Baia Mare want to emulate Oltchim's achievements, the Romanian champions need a flawless first leg against Dinamo-Sinara.

"I think Dinamo is one of the most interesting teams this season. They upped their form and were better game by game. I think that their back line is their most pregnant advantage, but I see this

as a 50%-50% game," said Tone Tiselj, Baia Mare's coach and the mastermind for the amazing comeback.

Dinamo's three-pronged attack of Anna Kochetova, Olga Akopian and Daria Dmitrieva, who scored 60% of the Russian champions' goals in this season is also seen as Dinamo's best weapon by Paula Ungureanu, Baia Mare's goalkeeper.

"They are an experienced team, I wouldn't want to pinpoint their biggest threat, but they have an amazing nine meter line".

The close-fought game will also feature an unexpected reunion, featuring Ksenia Makeeva and her former teammates. The 24-year old line player left Dinamo last summer, after eight seasons, to play for Baia Mare.

More than 3,000 die-hard fans will unleash hell in Baia Mare on Saturday, as Dinamo are expected to cringe under the pressure.

Viktor Ryabykh's side failed to win their seventh Russian championship, after being eliminated in the quarter-final phase by Astrahanochka Astrakhan, after Dinamo's opponents won the final two games (42:41 and 23:19), which took place on Monday and Tuesday.

HCM Baia Mare (ROU)

Following the dissolution of former Romanian powerhouse Oltchim Ramnicu Valcea, HCM Baia Mare took over as the Balkan country's leading club alongside HCM Constanta.

Their flair and diversity is personified by a wide range of players coming from all over the globe, most notably Brazil's world-famous right wing Alexandra Do Nascimento who joined the club after a decade with Hypo Niederösterreich during which she won 10 Austrian league titles and reached the 2008 EHF Champions League final.

Do Nascimento was joined by her compatriot and fellow world champion Barbara Arenhart, while massive investments by the club's owners enticed a plethora of other stars such as Macedonian right back Elena Gjeorgjievska from Buducnost and Norway's Camilla Herrem from Byasen Trondheim.

Baia Mare reached the group stage of Europe's premier club competition for the first time last season. Higher expectations in this term were hampered by two unlucky home defeats by Larvik and Metz which eventually proved too costly for coach Costica Buceschi, who was replaced by Slovenian Tone Tiselj in early January.

Two wins over Poland's MKS Selgros Lublin opened the main round doors to the Romanian side, but having carried no points from the group seemed to be a tall order. However, Tiselj steered the team to four victories in the main round having only lost to the defending champions twice.

Inspirational Dutch centre back Lois Abbingh, who transferred to Romania from Oldenburg proved to be instrumental in a superb main round run of Baia Mare, who finished third in the group at the end and successfully avoided the Group 1 winners Buducnost.

2nd ranked Group 1

Dinamo-Sinara Volgograd (RUS)

The pillar of Russian women's club handball last reached the main round four years ago and this term's progress was a welcome success for an array of talented home-grown players thriving on the biggest stage.

The impressive 19-year-old centre back Daria Dmitrieva and experienced right back Anna Kochetova formed a lethal partnership in attack, scoring 36 goals each in the group matches to propel Dinamo to the pinnacle of Group A. Surprisingly, they dropped three points against less fancied opposition, having been held to a 25:25 draw at bottom-of-the-table Hypo before they suffered a shock 26:25 home defeat by Krim halfway through the campaign.

But three subsequent straight wins meant they finished top of the group, carrying six points into the main round where they faced the much tougher opposition in Buducnost, Vardar and Thüringer.

But with a vast roster also including new signing Anita Gace, a Croatian right wing who arrived from Lokomotiva Zagreb during the summer break, the unpredictable Dinamo have confirmed potential to reach the last eight. They recorded just two wins to secure the second position behind Buducnost in the Main Round.

WHC Vardar SCBT vs Györi Audi ETO KC

First leg
Saturday 4 April, 19:00 hrs. local time

Second leg
Saturday 11 April, 16:30 hrs. local time

Defending EHF Champions League title holders Györi Audi ETO face a stern test of their credentials against Macedonian giants WHC Vardar SCBT, as both teams aim to reach a second successive MVM FINAL4.

Vardar and Györ have managed to stay out of each other's way last season and through the group stages this term, but their eagerly awaited double-header was imminent after the Macedonian champions finished third in their main round group while the holders came second in theirs.

The two-leg tie, with the first leg being played in the Macedonian capital, is bound to produce spectacular handball as the star-studded outfits boasting a stack of household names take centre stage in the EHF Champions League quarter-finals.

Of the four quarter-final double-headers in Europe's premier club competition, the match-up between Vardar and Györ is without a shadow of a doubt the one most likely to keep handball fans around Europe on the edge of their seats throughout both legs.

It will be the first competitive meeting between the two sides after Vardar, boosted by heavy investment from the club's owners, rocketed from the doldrums and became a rising force in women's club handball.

Having reached the MVM EHF FINAL4 last year at the first time of asking, Vardar lost a dramatic semi-final to Budućnost before beating Danish rivals Midtjylland in the third-place match.

Györ, on the other hand, went on to win their second successive title and in order to make it a treble, they will have to knock out the most difficult last-eight opposition they could have asked for.

It will be an emotional clash too for some of Europe's handball stars taking part in this double-header, notably for Vardar's centre back Andrea Lekic and right wing Jovanka Radicevic, who both won the 2013 EHF Champions League trophy with Györ before moving on to their present team.

"We were part of this machine and although Györ are the favourites to reach the FINAL4, we hope to spring an upset because no visiting team has found playing in Skopje comfortable and we expect that trend to continue on Saturday," Lekic told a news conference on Thursday.

"We haven't been consistent in the Champions League this season but I expect us to shine against Györ although we mustn't burn out, meaning that we have to keep cool heads," Radicevic added.

Coach Indira Kastratovic added: "The most important thing is that we have no injured players and we must dictate the tempo from the start. We've worked hard and are confident that we can stand our ground."

Györ enjoyed a perfect warm-up for the clash in Skopje, beating traditional rivals FTC Rail Cargo Hungaria 29:23 in the Hungarian Cup final with Aniko Kovacsics scoring a game-high 10 goals (including seven penalties), to cap a blistering individual performance.

WHC Vardar SCBT (MKD)

It is no secret that handball is a Macedonian national sport and following the continued success of Skopje rivals Vardar and Metalurg in the men's VELUX EHF Champions League, massive investments have put WHC Vardar SCBT to the fore among the women's elite in Europe.

The club's owners have been able to lure a myriad of the game's most acclaimed household names and they repaid the faith by reaching the MVM EHF FINAL4 in their debut season, losing out narrowly in a dramatic semi-final against Buducnost last term.

Rising expectations have piled a certain amount of pressure on the Macedonian title holders to go at least a step further this season, especially after the arrival of prolific Croatian left back Andrea Penezic, Slovenia's right back Barbara Lazovic-Varlec and German line player Anja Althaus.

However, Vardar had to put up with a rough ride in the preliminary group stage, taking only three points from a possible eight into the main round after away defeats by Buducnost and Thüringer, as well as a home draw against the Montenegrin champions.

Although they were skating on thin ice after dropping five points in the group matches, Vardar showed more than enough depth in them to safely finish in the top four and reach the knockout stages after they gathered four victories out of six matches. They struggled in their away matches in Leipzig and Volgograd, in front of their home crowd though the team, recently bolstered by a new consultant coach, legendary Jan Pytlick, they are yet to beat.

2nd ranked Group 2

Győri Audi ETO KC (HUN)

The winners of the last two EHF Champions League titles have shown no signs of slowing down and although they suffered several off-court setbacks during the 2014/15 season, they still have a decent chance of making it a hat-trick in Europe's premier club competition.

Having steamrolled through the preliminary group stage, taking a maximum eight points into the main round, Győr have to manage without towering Brazilian left back Eduarda Amorim who will be sidelined for six months after rupturing her anterior cruciate ligaments.

The same fate befell Croatian goalkeeper Jelena Grubisic, signed to replace the Norway's Katrine Lunde after the world's top-ranked goalkeeper, who is at a maternity leave, announced she would leave the club at the end of the season.

With Adrienn Orban injured and inspirational playmaker Anita Görbicz also pregnant, Győr have had to dip into the transfer market during the winter break to reinforce the squad, bringing in Czech right wing Jana Knedlikova and Norwegian goalkeeper Kari Aalvik Grimsbo.

But despite their problems the Hungarian champions have the makings of a title-winning side whose stature, resolve and depth will strike primal fear even into the most tried and tested opposition.

Two narrow defeats against Larvik cost the current title holders Győr the first position in the main round group, but the squad around Ambros Martin remained very impressive against other opposition in the group including ambitious Romanian side from Baia Mare.
